

StandUp®

StandUp®

Features

- Retrofits to all Neutral Posture®, and most other existing keyboard trays and mechanisms
- Mounts directly to surface without mechanism
- Adds from 2" to 11" of height range (infinite range positioning)

The Benefits of Stand/Sit™ Adjustability:

- Research indicates a Stand/Sit™ workstation provides significant benefits to employees and employers
- Work-related injury/illness decreases by up to 28%
- Lost-time can decrease by up to 82%
- Productivity increases by up to 17% with a Stand/Sit™ workstation
- When working at a Stand/Sit™ workstation, an employee will change postures approximately 3 or 4 times per day
- A Stand/Sit™ environment promotes beneficial postural changes which improve comfort ratings by up to 26%
- Standing improves respiration, reaction, alertness and mobility for the employee
- US Patent # 7,048,236 – “Vertical Adjustment Apparatus for a Keyboard”

Keyboard tray and arm sold separately
