Active sitting with feedback

Much of modern life takes place in a seated position – although the human body is designed for movement. The ONGO® seat strikes a balance between these apparently conflicting needs. Naturally, you can sit on it. But you can also move on it: the curved base responds to any shift in weight, activating the body’s musculature system. The ball track built into the foot of the ONGO® seat gives acoustic feedback on every movement.

When you hear the ball humming along the track, you know you’re moving in the right direction. The ball track’s feedback function makes the ergonomically designed stool an innovative piece of fitness equipment. Plus, exercises designed specifically for the ONGO® seat let you focus on practicing active sitting.

Certification

Independent tests show that all Neutral Posture, Inc. (NP) chairs meet or exceed current ANSI/HFES 100-2007, ANSI/BIFMA and California 117 certification standards. Certain NP products meet California Technical Bulletin 133 and Task Intensive certification standards. All cylinders are rated Class 4 or better by UNI standards.

Design

NP reserves the right to make changes and improvements in design and materials and to discontinue parts and components at the discretion of NP’s Quality Control Committee.

Women’s Business Enterprise (WBE)

This certification is administered by the Women’s Business Enterprise National Council (WBENC) and is used by most large corporations to qualify potential vendors as credible diversity suppliers.

wbenc.org

Women Owned Small Business (WOSB)

The SBA’s WOSB Federal Contract Program provides greater access to federal contracting opportunities for WOSBs. The Program allows contracting officers to set aside specific contracts for certified WOSBs and helps federal agencies achieve the existing statutory goal of five percent of federal contracting dollars being awarded to WOSBs. Neutral Posture is certified as a WOSB by WBENC.

Historically Underutilized Business (HUB)

The Texas Historically Underutilized Business (HUB) program encourages the use of HUBs in state procurement and provides information to minority and women-owned businesses on the state’s procurement process.

ANSI/BIFMA

NP is a member of the Business and Institutional Furniture Manufacturer’s Association (BIFMA). Tests developed by BIFMA and approved by the American National Standards Institute (ANSI) determine the strength and durability of seating in its everyday use. Although this testing does not serve as a warranty or guarantee, NP standard products within this price list meet or exceed applicable ANSI/BIFMA X5.1-2011, BIFMA G1-2001 and ANSI/HFES 100-2007 standards. Combinations of options added on to the standard products may not meet ANSI/BIFMA standards. Those combinations which do not meet ANSI/BIFMA standards are not available on GSA. For more information, contact the Customer Service Department at cs@np-us.com.

GREENGUARD® Certified

All NP products are certified by GREENGUARD® for indoor air quality.

Custom Logos

Neutral Posture can include your company, university, mascot, etc. as a custom logo in embroidery on most fabrics or in Cloud 9™ selections. Contact cs@np-us.com for details and cost.

Cleanroom to Class 100

Independent testing according to Federal STD 209E (correlates to ISO-14644C Class 5) confirms NP Cleanroom seating meets or exceeds Class 100 requirements. NP Cleanroom models are designed to prevent particulates in Cleanroom environments. In addition to top-quality vinyl upholstery, a HEPA filtration system in seat and backrest prevent particulate release.

GSA Contract Overview

GSA Contract

We have had a contract with GSA for over 20 years and they continue to be our most favored customer.

NP is dedicated to helping government agencies meet their facilities and acquisition needs. NP is registered with the Central Contractor Registry (CCR) with ORCA certifications, has an assigned cage code of OUTL8 and is eligible to receive federal contract awards. NP is also recognized as a Woman-Owned Small Disadvantaged Business by the Small Business Administration.

Woman Owned Small Business (WOSB)

The U.S. Small Business Administration (SBA) has issued the Final Rule to amend its regulations governing small business contracting procedures. The SBA has increased the emphasis and awareness of contracting mandates regarding the new 5% spend mandate for WOSB similar to those in place for 8a, SDV and HUB Zones businesses.

As a WOSB, woman owned office furniture manufacturer, we have a Packaged Office contract that includes many great manufacturing partners. We are also willing to team with other manufacturers to help support strong GSA Dealers and meet the needs of our customers. As a WOSB, NP is perfectly positioned with a strong Packaged Office contract and partners to capture this business.
